Accused of Embezzlement in Charge Filed in Court at Washington.

SAID TO HAVE GONE TO JUAREZ

Is Accused of Having Diverted Carranza Money to Agents of Villa.

WASHINGTON, D. C., July 6.—San-
tillito, a Winfield, an agent of the Mexican "Con-
stitutionalist" treasury department,
was charged with embezzlement in
a warrant issued here today and
transmitted to the police at El
Paso.

Winfield was the Carranza in-
spector at the printing of 20-
000,000 pesos, in "Constitutionalist"
currency. When he shipped it to
El Paso, Carranza agents here re-
ceived an injunction to prevent its
delivery to him, claiming that he
intended to deliver it to Villa.

The warrant followed; the injunc-
tion proceeding still is pending.

Winfield is supposed to be in
Juarez, to which point he is said
to have taken from \$3,000,000 to
\$5,000,000 worth of the money to
agents of Villa.

STRIKE EXTENDS TO
DEMOCRATS MINE

Bisbee, Ariz., July 6.—The strike
threatened by Carranza miners against
the Carranza Consolidated Copper com-
pany has extended to the Democrats
mine, hitherto free of labor troubles.

This is the statement of Superintendent
Mackay, of the Democrats mine, who
with Tom Stanton, foreman of the Greene-
Carranza properties, has reached this
city from Cananea.

Superintendent Mackay said the same
ultimatum sent to the Carranza Consol-
idated was also received by the Demo-
crats officials. Mackay obtained time
to submit the demands to the directors
of the company, and came here for that
purpose. The demands involve shorter
hours, higher pay, lower prices at the
company store and abolition of any
blacklist.

Superintendent Mackay says many
miners, armed with crude weapons,
spend their time in the streets listen-
ing to the harangues of agitators.

MAN WHO ESCAPED
EXPLOSION IS SOUGHT

New York, July 6.—Michael Mur-
phy, the only member of the group of
free speech advocates who escaped
with his life from the fatal explosion
on Saturday, that wrecked the ten-
ement at 102 Lexington avenue, is be-
ing sought by every policeman and
detective in New York city, as the
person most likely to know the real
story of what occurred in the little flat.

Murphy disappeared after the explo-
sion in the hands of the police. He risked a
nearby police station was given clothes
to replace his own which were torn to
bits, and then dropped out of sight.

thorized by the new legislative appro-
priation bill. They are to be attached to
embassies and legations in South
America and Europe for investigation
and acceleration of American trade

REVENGE
MOTIVE OF
MURDER

Maniac May Have Slaugh-
tered Four, Is Another
Theory of Police.

CRIME INDICATES
CAREFUL PLANNING

Son of Aged Couple Discov-
ers Bloody Corpses in
Chicago Suburb.

CHICAGO, Ill., July 6.—A family of
four was wiped out by blows
from an axe in their home in a
German settlement of Blue Island, a
suburb, 8 and a half miles. The victims
were Jacob Neesla, a German laborer,
aged 52 years; his wife; their daughter,
aged 15 years; and the latter's infant
child.

Whether the butchery was the work
of a maniac or of a person seeking
revenge, was not learned in the first
police investigation.

The murder, according to Benja-
min Kirsch, chief of police of Blue
Island, proceeded with great delibera-
tion. Nothing was taken from the
house. It was the home of a laborer
and the few trinkets the inmates
boasted were of slight value.

The crime was discovered by Jacob
Neesla, Jr., a son of the old couple,
who told the police his sister's hus-
band's name was Hamilton.

He entered the house and found the
bloody bodies, hacked and mutilated,
lying as they fell. The rooms were in
disorder, indicating a desperate fight
for life.

ROOSEVELT MEN TO
OUTLINE PROGRAM

Oyster Bay, N. Y., July 6.—Col. Ros-
evelt today announced he would go to
New York Wednesday and visit "Fru-
gious" national headquarters to con-
fer with New York state leaders. At
this meeting another effort will be
made to decide on the party program
in this state. After Wednesday Col.
Roosevelt expects to see more visitors
at home than he has done recently,
though adhering to his rule to receive
no one except by previous appointment.

WESTINGHOUSE PLANTS
TO HIRE 10,000 MEN

Pittsburgh, Pa., July 6.—Offices were
today opened here by the agents of
Westinghouse companies whose plants
are affected by the strike, for the pur-
pose of filling the 10,000 or more vacan-
cies in the shops.

It was reported in East Pittsburgh
that a determined effort would be
made this week to break the strike.
Troopers of the state constabulary still
were on duty in the town, scores of
pickets watched every entrance to the
factories and all saloons were open,
but there was no disorder.

PLAGUE DOESN'T JUSTIFY
QUARANTINE, SAYS BLUE

Washington, D. C., July 6.—Surgeon
Gen. Blue, of the public health service,
today advised the treasury department
that the bubonic plague situation in
New Orleans does not justify the quar-
antine imposed by Costa Rica and Hon-
duras and that commerce may be re-
sumed immediately with safety.

12,000 AT BRITISH
ARSENAL ON STRIKE

Woolwich, Eng., July 6.—The entire
working staff of 12,000 men of the gov-
ernment arsenal, which supplies most
of the guns and ammunition for the
British army, struck today.

The action of the men was a protest
against the dismissal of an engineer
who had refused to erect machinery on a
foundation constructed by nonunion
laborers.

CLINT WISHES THE
TROOPS KEPT THERE

Residents of Clint, Texas, are pro-
testing against the contemplated re-
moval of troops A. 12th cavalry, from
Clint, and have sent telegrams to Gen.
Tasker H. Bliss, at Fort Sam Houston,
and Gen. George Bell, at Fort Bliss.
The people of Clint feel that if troops
are needed to protect Fort Hancock,
Fabens and Ysleta, Clint should also
have troops. At the office of brigade
headquarters at Fort Bliss it was said
Monday that the matter of the removal
of troops is entirely subject to the or-
ders of Gen. Bliss, and that Gen. Bell
could therefore take no action on the
telegram sent by the Clint citizens.

Wilson Declines To Discuss Huerta

Washington, D. C., July 6.—Presi-
dent Wilson today refused to com-
ment on yesterday's election in Mex-
ico. "I am afraid I am not in his con-
fidence," he said, when asked if he
knew anything about Gen. Huerta's
plans for leaving Mexico.

The reelection of president Huerta
is indicated by partial returns from
the balloting in Sunday's national
election held in those parts of the re-
public under federal control. Utmost
indifference was evident and the vote
was the lightest in years. Gen. Blan-
quet appeared ruling favorite for vice
president.

The vote was designed, more than
anything else, as a manifestation of
confidence in the present administra-
tion. Huerta, it is indicated, received
virtually a unanimous vote.

All present members of the national
senate and chamber of deputies were
reelected, it appears.

Villa's Seizure of Carranza
Fiat Money Resented
by Carrancistas.

ZUBARAN MAY GET
OUT OF CABINET

Gonzales Garza May Be Let
Out by Villa; Stumbling
Blocks to Peace.

Saltillo, Mex., July 6.—Vila's
army, the "north," Villa's army, has
agreed to acknowledge the authori-
ty of Gen. Carranza as first chief
and Gen. Villa will remain com-
mander of the north, as a result of
the conference in Torreon between
representatives of the two armies.
Carranza, according to reports reach-
ing here.

EXPRESSIONS of optimism received
from Torreon today relative to
the Carranza-Villa "peace nego-
tiations" are not echoed in the local
situation involving the ownership of
"Constitutionalist" national currency.

Roberto Pesquera, Carranza's con-
fidential agent, last night sent a strong
protest to Villa regarding what Pes-
quera termed the "criminal act" of
Villa's agents in making away with
Carranza's fiat paper currency on this
side of the line. According to the
report, this was considered a
deliberate and intentional act.

The monetary standing of the revolu-
tion as affected by the new situation
between Carranza and Villa, the money
matter unquestionably will become one
of the main points of the issue in the
negotiations at Torreon. It is
being about a settlement of the in-
ternal troubles between the revolution
head and the northern commander.
Carranza has issued an order outlawing
all fiat paper of the national issue not
put into circulation by his officials.
This will affect several millions of pesos
in circulation. The officials have con-
fiscated and stamped. It undoubtedly will tend
to lower the standing of the revolution-
ists, which has been a stumbling
block about the 22 cent mark on the
American dollar.

Carranza Officials Held.
The arrest of Carranza's officials
at Torreon and the confiscation of 1-
000,000 pesos in national currency was
the first evidence of an open breach
between the two factions. The money
and not Carranza's army, Carranza
and Villa, has been the main point
of the issue since have begun the work
of stamping it. The Carranza agents
made away with several millions of pesos
in circulation. The officials have con-
fiscated and stamped. It undoubtedly will tend
to lower the standing of the revolution-
ists, which has been a stumbling
block about the 22 cent mark on the
American dollar.

Disposition will be made here of the
temporary injunction secured by the
Carranza people which held a ship-
ment of "Constitutionalist" money on
this side of the line. This paper
amounted to about \$1,000,000. It has been
learned, being a part of an issue of
1,000,000 intended by Carranza before
his troops entered the city. The money
was located at Torreon. It is the
state issues of Chihuahua and Durango.
The remaining 2,000,000 of this issue,
which was printed at Washington, has
not been located. It is the property of
the United States army and customs de-
partment declare that it has not passed
the border at this point.

Villa's agents claim that they have
smuggled it into Juarez.

Protest to Villa.
Pesquera also sent a long complaint
Sunday to Col. Tomas Obando, Villa's
military commander at Juarez. Pes-
quera's telegram to Villa said:
"I take the liberty of calling to your
attention and placing before you the
fact that Santiago Winfield, who had
been entrusted with the duty of re-
warding 'Constitutionalist' currency
from Washington under the direct or-
ders of the sub-secretary of hacienda,
has stolen the same and forwarded
some consignment to the city of El
Paso. I have addressed to the gov-
ernor of Chihuahua in care of Lazaro
de la Garza."

"As I am certain that you do not ap-
prove in the least of these criminal
acts, I now hurriedly advise you of the
occurrence. I am sure, if you de-
sire, repudiate the acts of your agents,
who, indifferent to the fact that your
name is being used in an un-
scrupulous and dishonest manner, are deter-
mined to associate you with an incident that
to say the least is highly reprehensible."

Asks Villa To Act.
"I earnestly believe, Gen. Villa, that
it is your duty at once to put a stop
to these high handed proceedings and
to repudiate the agents who by their
high-handed conduct and selfish aims
certainly are injuring our cause and
when the acid test is applied you will
find that in the last analysis the only
one who can suffer any injury is his-
self. I am sure that you are determined
to repudiate by their acts will be you."

Villa Promises.
Assurances were received Monday
morning from Villa by Mr. Pesquera
that "everything will be satisfactorily
arranged" regarding the exportation to
the United States of the national cur-
rency.

Switzerland and Spain Join
England and the United
States in Agreement.

W
ASHINGTON, D. C., July 6.—
The United States stands
back of a guarantee to
preserve safely Spanish and Swiss
national interests in Mexico during
the present warfare. England is
a party to the agreement. Mr.
Blanco, the Spanish ambassador,
today asked secretary of state
Bryan to admit his country, as
well as Switzerland, to the recent
agreement between England and
the United States.

IGNORE CANCELLATIONS.
This means that Great Britain,
the United States, Spain and
Switzerland will not diplomatically
accede to any claim to interests in
mining property acquired by their
nationals subsequent to January 1,
1913, which are affected by can-
cellations or confiscation resulting
from the inability of bona fide
owners to meet obligations be-
cause of military operations.

AGENT GOES TO CARRANZA.
Jose Yanes, one of the
"Constitutionalist" agents here,
will leave tonight for Saltillo to
present the attitude of the United
States on mediation to Carranza,
and discuss plans for the resump-
tion of business in northern Mex-
ico.

Manfred Zubaran, company and
plans had not come from his chief
relative to the proposed confer-
ences with the Huerta delegates.
